

## MISSION STATEMENT

The primary purpose of the Learning Resource Centers is to provide library materials, services, and facilities necessary to support the College's instructional programs, to meet student course and non-course related library needs, and to meet administrative and public service requirements. In addition, the Learning Resource Centers accept the responsibility for providing materials and services to **all** members of the College community including traditional and non-traditional students, online, and distance learners. We further strive to promote the teaching and learning process through the an information literacy program designed to enable users to "recognize when information is needed and have the ability to locate, evaluate, and use effectively the needed information."<sup>\*</sup>
