

To obtain an Alabama Virtual Library card, please email the library at reference@jeffstateonline.com and provide your full name. Upon verification of your status as a current Jeff State student, your username and password will be forwarded to you.

Note that the username and password is only necessary when connecting from home. While you are on any Jeff State campus, logging into the AVL is not necessary. You can link directly by selecting the Campus & Library icon from the main page of the AVL.

If you need additional assistance, send us an instant message from the link on the home page!
